

Yazan Al-Kiswani

Software Engineer & UI/UX Engineer

EXPERIENCE

Vienna - Austria

Dec 2024
Present

Software Engineer - Full Time

Developing cross-platform software solutions using multiple stacks. Leading full-stack development of AI-powered mobile and web applications. Architecting scalable APIs and cloud integrations for internal and client projects. Delivering reliable, user-focused systems through strong collaboration across teams.

Villach - Austria

Dec 2024
Present

Software Engineer Consultant - Full Time

Building and maintaining internal tools supporting validation and automation workflows. Developing front-end and backend systems to optimize engineering processes. Enhancing post-silicon efficiency through custom software solutions. Collaborating with Infineon teams to deliver robust, production-grade applications.

Villach - Austria

Software Engineer - Internship

Assisted in developing and testing internal validation and automation tools. Improved workflow efficiency through optimized software modules. Collaborated with cross-functional teams on R&D solutions. Enhanced understanding of scalable software systems.

Amman - Jordan

Product Owner

Contributed to the innovation and refinement of advanced drone solutions, focusing on system optimization and performance enhancement. Played a key role in testing and improving autonomous flight capabilities, working closely with cross-functional teams to ensure reliable, efficient applications for diverse industry needs.

Amman - Jordan

Product Engineer

Designed and optimized intuitive user interfaces for drone control and monitoring systems, ensuring seamless user experiences. Focused on enhancing usability and functionality by collaborating with development teams, translating complex requirements into clear, user-friendly designs that improved operational efficiency.

Amman - Jordan

Secretary General

Led the university's largest Model United Nations event, managing a budget exceeding 17,000 JOD. Directed all operational aspects, from logistics and committee coordination to overseeing over 200 delegates. Ensured seamless execution of a prestigious conference that emphasized global diplomatic discussions.

Amman - Jordan

Head of Media

Managed the media division for the university's MUN, orchestrating content creation and event coverage for a large-scale conference. Developed and implemented media strategies that significantly boosted engagement and online presence, contributing to the event's success and visibility.

Amman - Jordan

Graphic Design

Created visually compelling designs for various university events and campaigns, including promotional materials, digital content, and branding. Collaborated with different departments to ensure cohesive and impactful visual communication, enhancing the university's public image and engagement.

ABOUT ME

Ambitious and multifaceted professional with expertise in full stack web development, product engineering, and graphic design. Skilled in creating seamless user experiences, driving technical innovation, and delivering visually compelling content. Passionate about leading and contributing to projects that blend creativity with technological prowess, aiming to make a significant impact in the tech and design industries.

EDUCATION

Sep 2021
Jul 2026

AI Hussein Technical University - Bachelors of Computer Science

Maintaining a 3.99 GPA, demonstrating excellence in programming, software development, and computer science fundamentals. This degree provides a deep understanding of both theoretical and practical aspects of computing, preparing for a dynamic career in the tech industry.

Sep 2021
Jul 2026

Orbit International School - Dammam, Saudi Arabia (Highschool)

IGCSEs and A Levels at Orbit International School: Demonstrated exceptional academic prowess by achieving full A* grades in all O Level and A Level courses. This outstanding performance highlights a deep understanding and mastery of a diverse range of subjects, reflecting strong analytical, problem-solving, and critical thinking skills. The comprehensive education at Orbit International School provided a robust foundation for pursuing advanced studies in computer science, nurturing both intellectual curiosity and academic discipline.

CERTIFICATES

The Ultimate 2023 Fullstack Web Development Bootcamp

Issued Nov 2023
Credential ID UC-48d51b5b-f87b-4fle-bcde-ddf9d3ba2816

Programming Foundations with JavaScript, HTML and CSS (with Honors)

Issued Jan 2022
Credential ID X33RNHLRJUWN

Technical Support Fundamentals

Issued Dec 2021
Credential ID SUTUGY3YZKCC

Python for Data Science, AI & Development

Issued Dec 2021
Credential ID 739B3XJ8JEWR
